Letter of Recommendation for Employee

It is my pleasure to provide this letter of recommendation for Antje Bruchner as she seeks employment outside of South Africa. All of us at Serendipityremix will be sad to see her go.

Our professional relationship started in 2017 while working on various national and international projects with Nera Group.

Upon the completion of the Nera Group projects, I offered Antje the position of Facilities Management Senior Consultant at Serendipityremix. She is responsible for conducting building condition assessments and driving all facility management related topics within the company.

Antje shows excellent communication skills, dedication, attention to detail and is consistently striving to provide the best service and solutions for our clients' needs. She is well organised, works independently and can effectively multi-task to ensure that all projects are completed promptly.

Antje is always willing to offer her assistance and has an excellent rapport with our clients, employees, and contractors. Antje is driven, self-confident, proactively helpful, and smart, and I know she will continue to find success in what she loves to do.

In closing, I'd like to reiterate my strong support for Antje's application to any new role in the property or Facility Management industry. I'm confident that she will surpass your expectations in this new role.

She will be an asset to any employer, and I wholeheartedly recommend her for any endeavour she chooses to pursue.

If you have any further questions, please don't hesitate to contact me.

Yours sincerely

Sanett Uys

Director
